LED Product Warranty

LED Modules & Power Supplies

5 year product replacement coverage through 1st Source Lighting.

LED Fixture Housings, Controls & Craftsmanship

5 year product replacement coverage through 1st Source Lighting.

Conditions

All warranty inquiries are subject to approval. Warranty coverage begins on the date of invoice. Product damaged due to installation error or power fluctuations beyond component rating are not covered under warranty. Charges for labor reimbursement for defective LED modules power supplies, controls or accessories will not be accepted by 1st Source Lighting. Product returned without approval will not be processed by 1st Source Lighting. 5 year warranty is based on 12 hour burn cycles for daily operation.

Exceptions

1st Source Lighting LED fixtures installed in chlorinated natatorium or pool environments will be covered under warranty for one (1) year. This does not include recessed sealed fixtures with SF/NAT designation. SF/NAT designations are covered under 1st Source Lighting's standard (5) year product warranty.
